August 9, 2024

The Board of Education of East Knox Local Schools is thrilled to announce that all students will receive free breakfast and lunch for the 2024-2025 school year. Thanks to the District's successful application for a Community Eligibility Provision (CEP) grant, we can ensure that every student has access to nutritious meals each school day without any cost to families. This initiative underscores our commitment to supporting the well-being and academic success of our students by removing barriers to learning and providing essential resources for all.

In addition to the free meals, we are pleased to share that student academic fees will also be waived for the 2024-2025 school year. This decision reflects our dedication to easing the financial burden on families and ensuring that all students have equal opportunities to thrive in their educational journey. We believe these measures will positively impact our school community, and we look forward to a successful and enriching school year for all.
