

## School Behavioral Healthcare Services

# Comprehensive School Services

**Range of child-centered behavioral healthcare services for all-school aged youth**

BHP's School Consultants strive every day to help children excel in schools by providing holistic mental health services that allow them to develop emotionally and be active participants in the classroom.

Our role in the schools is to serve as behavioral healthcare providers and collaborate with school staff to best meet the child's needs. We believe in offering holistic treatments for an array of behavioral issues that focus on student success.

We offer the following services to students:

**Services:**

- Build self-esteem
- Teaching coping and social skills
- Working through parents' divorce and other adjustments
- Coping skills to help students succeed in the classroom
- Collaboration with teachers to serve the student's unique needs
- Directing them toward improved classroom behavior
- Teaching emotional regulation skills
- Reduce bullying
- Manage anger and resolve conflict
- Learn time management skills
